KISS-NAI

HI EVERYONE.

To those who are new and old,(I think she means new and old fans o.o) Greetings, I am Shigano Iori.

I present to you Kiss Dake Jiya Kaesani volume 2.

Er...even though I don't know what number this volume is out of all my projects, I put my soul into drawing this in order for it to accumulate into a book, at this very moment my heart is full of gratitude.

You can see Shigano Iori's stlye in this book! ...RUbbish!!! <- Think's oneself is perfect (bitter laugh)

However you got this book, I still need to thank you guys *^o^*. If it's possible, keep giving me advice. Because your support and your comments keep me in existence.

This time, I included an appendix and corrected the other projects that were published. I also included a never before seen Ayumu! Because I kind of didn't like Ayumu's facial expression, I corrected it!! _.(￣∇￣ |||) Sorry!

If you guys don't aprrove, then give a shout of discontent (T--T) I hope I get a feeling of not wanting to change anything and to finish a drawing to continue.

Please slowly enjoy this book!

Thank you for your comments, I'm so happy!

KISS DAKE JIYA KAESANI

STORY

Ryoko attends Tsunashi Private Academy where they have a regular division and an idol division. Although she is a regular student, she has no interest in the idol division's members. However, the Prince of the idol division suddenly kissed her! Ryoko is both excited and unsure, but when she realized that Sei was serious about her, she decided to date Sei.

After they started dating, every time Ryoko sees Sei she always looks at his lips, arms and chest. Her head is full of things related to making love. But she isn't ready for it and thinks it's embarrassing so she always refuses. But she didn't think Sei would say "I will make love to you in the near future!" Even though Ayumu thought of many ways to protect Ryoko from Sei by preventing them from seeing each other, Ryoko felt lonely not being able to see Sei and wanted to be one with Sei....

This time Sei says, "I love you so much but I don't want to hurt you!" Ryoko feels happy upon hearing those words, and takes the first step in turning Sei on. Although she still feels embarrassed and scarred, Ryoko likes the new Sei and she finally made love to Sei for the first time....!!
